Hello, Shark families!

APRIL 2024

We are well into Trimester 3! This trimester we are preparing for end of the year assessments and focused on ensuring that all students are ready for the next grade level. In particular, we are looking closely at our writing skills. When analyzing our school data together, we noticed that 20% of our students in grades 3-6 scored a zero on the writing portion of the state assessment last year. We know our students have lots of writing practice in class and are very capable so we have been spending time making sure they understand how to do their best! Ask your students to share our writing strategies with you!

We have also been reviewing safety expectations. We encourage students to solve problems by talking it out or talking to an adult rather than using disrespectful language or getting physical. We also ask that if a student sees anything unsafe at school that they talk to an adult immediately. As a community, we all work together to create a welcoming environment and keep our school safe!

Habit #6 **Synergize**

Together is better.

- I get along well with other people and work well in groups.
- I value the strengths of others and allow myself to learn from them.
- I know that by working together as a team we can get more done and come up with better solutions than we could alone.
